

	Tentative Program											
	Sunday 6	Monday 7	Tuesday 8	Wednesday 9	Thursday 10	Friday 11	Saturday 12					
09:00 - 09:15	Arrivals	Cosimo Vinci: "Game-theoretic Aspects of Security"	Marinella Petrocchi: "Large Language Models as Misinformation Detectors: Promise, Pitfalls, and Research Frontiers"	Michela Milano: "Artificial Intelligence: opportunities and risks"	Andrea Baronchelli: "Emergent social conventions and collective bias in LLM populations"	Luca Maria Aiello "The Language of Collective Action: Building Solutions in the Digital Era"	Fabrizio Silvestri: "On Retrieval Augmented Generation and some Unexpected Effects"					
09:15 - 09:30												
09:30 - 09:45												
09:45 - 10:00												
10:00 - 10:15												
10:15 - 10:30												
10:30 - 10:45		coffee break	coffee break	coffee break	coffee break	coffee break	coffee break					
10:45 - 11:00												
11:00 - 11:15		Domenico Furno "Analyzing and Countering Information Disorder in the Digital Age"	Vittorio Bilò: "Game-theoretic Aspects of Security"	Luca Caviglione: "A Quick and Crash Course on Watermarking"	Marinella Petrocchi: "Large Language Models as Misinformation Detectors: Promise, Pitfalls, and Research Frontiers"	Ettore Ritacco: "Security and Trust in the Age of the "MindMesh"''	Matteo Cinelli: "Echo Chambers, Polarization and the Role of AI in Online Social Media"					
11:15 - 11:30												
11:30 - 11:45												
11:45 - 12:00												
12:00 - 12:15												
12:15 - 12:30												
12:30 - 12:45		Luca Caviglione: "A Quick and Crash Course on Watermarking"	Domenico Furno: "Analyzing and Countering Information Disorder in the Digital Age"	Giovanni Da San Martino: "The Role of Persuasion Techniques in Disinformation Detection"	Matteo Cinelli: "Echo Chambers, Polarization and the Role of AI in Online Social Media"	Mark Coté: "Securing the Future: Misinformation, Data Infrastructures, and the AI Lifecycle of Predictive Power"	Ettore Ritacco: "Security and Trust in the Age of the "MindMesh"''					
12:45 - 13:00												
13:00 - 13:15												
13:15 - 13:30												
13:30 - 13:45												
13:45 - 14:00												
14:00 - 15:00		Lunch	Lunch	Lunch	Lunch	Lunch	Lunch					
15:00 - 15:30												
15:30 - 16:30		Project	Project	Project	Project	Project	Departures					
16:30 - 17:00												
17:00 - 17:30	Intro School	Project	Project	Project	Project							
17:30 - 18:00	Students introduction											
18:00 - 18:30												
18:30 - 19:30	Roberto Trasarti: "Discover SoBigData: the European Research Infrastructure for social mining"	Free time	Free time	Free time	Free time	Free time						
19:30 - 19:45												
19:40 - 20:00												
20:00 - 20:30	Welcome Cocktail											
20:30 - 21:30												
		Dinner	Dinner	Social Dinner	Dinner	Dinner
